Color Me Happy

Cute. Cheerful. Creative. Color your photos happy with this fun project. As quickly as 1-2-3 you can make an entire 8x8 photo album. The papers and stickers will energize the pages and emphasize the joy. Decorate 24 paper pages featuring the photos and stories of your choice. You'll be creating the pages first, and then sliding them into the album for protection and display.

Ingredients

- Color Me Happy 8x8 Paper Pack
- Color Me Happy Sticker Pack
- Color Me Happy Photo Mat Pack
- 8x8 PicFolio® Max Album with Persona® Design
- Tape Runner
- 12-inch Rotary Trimmer (or Personal Trimmer)
- Basic Fine-tip Pen Set

Approximate time to create

2 hours

We realize everyone's collection of photos is unique. We've shown you one album's arrangement, but feel free to modify the photos and journaling per page to capture your story, your way.

Journal when and where you want even though it may not be shown in the sample layouts.

TIP: For even faster album completion, put the 8x8 pages in order of the layouts shown (or the order of your choosing) and then go through and add your photo mats, photos and embellishments.

Note: Measurements are in inches unless otherwise specified.
